

Kent Attwell **City of Delafield**

1. If elected, what would be your top three priorities?

- 1) 100% backing of our Police and Emergency service personnel to combat lawlessness and keep our community safe.
- 2) Maintain our semi-rural environment while encouraging smart, new construction projects that respect it and our historic downtown.
- 3) Open, transparent, and ethical processes that encourage citizen participation while leading lean, fiscally responsible government

2. How will you support economic growth in Waukesha County?

I proposed and the Common Council approved the creation of Economic Development and Land Use Focus Group Project in 2021. This Group had 5 citizens, 1 Alderperson, 1 Planning Commission member (representing all 7 city voting districts) and 2 local developers. They chose to look at 7 different areas of the city and proposed tweaks to our land use and zoning codes to encourage smart, new development projects that respect our city's character and semi-rural environment. The focus group completed their work in Q3 of 2021 and the city's Planning Commission and City Council are now working them through the public process to review and possibly approve these recommendations. We have already had two developers come in and receive GDP approval using these suggested changes delivering approximately \$65,000,000 worth of net new construction helping to keep our future property tax rates low. 3. Why do you want to lead your community?

I am running for a 3rd two-year term as the mayor of the City of Delafield to continue working on the projects and issues the citizens of Delafield have told me are important to them. I will continue to work hard to create friendly, efficient and accountable government. I will continue to work with the Council to rein in unnecessary government spending. I will continue to be a strong advocate for public safety. Finally, I will continue to put the citizens of Delafield first in all of my decision making. I have been endorsed by all five living former mayors of the City of Delafield and the majority of the Common Council.
