School Disrict	School Representative/Items Needed
Arrowhead Union High School	**Anthony Christian** christian@arrowheadschools.org - 1"- 2" Square Tubing .065-.125 wall thickness - .25- .5" Rod Mild Steel, Stainless - .125" Acrylic Sheets (clear or colored) - .125" MDF Sheets - .035" Welding Wire- ER70S-6 (35lbs spools) - Sponsor Welding/ Laser Gas Needs ($8-10K annually)
Catholic Memorial	**Donna Bembenek** dbembenek@catholicmemorial.net - **Laser Cutter:** An important expansion of our PLTW Program. It is used creating shapes and models when doing rapid prototyping and instructional experiments. - **Large format Printer/Plotter:** This is useful when creating design drawings and working prints. It is also something that would be shared with the Graphic Arts Department. - **Storage Shelves:** The PLTW classes have numerous projects in-progress during the school year. We could use additional large format wheeled rack space to temporarily keep and protect student projects.
